***“Gamification is becoming a trend in helping teams and individuals approach their professional tasks through differing structured approaches. None more so than the use of board games”***

### TEAM BUILDING

At Ludorati Cafe, we understand that wellbeing, collaboration and, in certain instances, healthy competition are important, both for individuals and teams in their work environment. As is chilling-out.

As Nottingham's premier board-game cafe, Ludorati Café is now offering company team building and relaxing sessions through the use of selected board and role playing games.

These can provide a mix of both cooperative and competitive environments for teams and individuals to engage in exercises that focus on building relationships, developmental learning or supportive wellbeing contexts.

Alternatively they can be simply used to have good fun!

### LATEST DESIGNS

The latest designs in board games offer organisations a chance to engage/challenge participants in a unique setting structured around an organisation's or team's need(s).

Ludorati Café has access to over 1,000 games to select a dedicated mix for any request.

As well as the traditional relational building context of gameplay, whether as part of a fun reward day or a more structured wellbeing programme, other areas of learning focus include:

- Decision-making
- Problem solving
- Analysis & deductive reasoning
- Interpretation
- Negotiation and trading
- Situational appraisal
- Mental challenge
- Critical thinking and assessment
- Design and development process
- Business and economic insight/parallels
- Mindfulness
- Cognitive function

### THE NEXT LEVEL

To take things to the next level, we can provide expert evaluation through observation, analysis, feedback and coaching activity. We also provide accredited 'train the trainer' courses for those who may wish to undertake in-house events themselves.

Organisations can actually build 'fun programmes' around a portfolio of games over time. Corporate tournaments and team events can also be organised to suit.

Events/sessions can be offered either at the Café, its regional Nottingham office (both in the City Centre) or alternatively on client site (through our mobile solution).

Prices are based on the type of event/session, its content and learning objectives, and are from as little as £10 per person upwards.

## HOW WE WORK

We will work with you to identify your objectives from the day, and select from our library to provide an appropriate solution.

Ludorati Café has also partnered with ValUENTiS Business School ([www.valbs.com](http://www.valbs.com)) to provide a range of developmental solutions offering case studies, management course instruction and psychometrics, where required.

These can be provided in modular format to match a client organisation/team need or even combined into a structured programme.
