

# Special Interest Groups

(related to LC's Entertainment Programme)

Here at Ludorati Café, we try to emulate the history behind cafes and coffee houses and recognise their importance as a place for social interaction. Alongside the boardgames, we have set-up special interest groups/clubs as a reason for people to meet with common interest.

The Café acts as an excellent meeting place, whether looking to discuss the latest film releases, through to drama and script role play in 'The Cube', or revising and debating history, with pretty much everything in between. Some of these groups link directly to boardgame themes in The Library and/or the industry. The list is not exhaustive. Please ask a member of staff if you are interested in joining (or forming a new group). Alternatively, go to our website, Facebook and/or Meet Up pages.
